

# Congratulations! Your membership is active. Now take the next step to win for home care providers with the Caregivers Action Fund (COPE)!

## Caregivers Action Fund (COPE) Donation Form

Yes! I want to hold politicians accountable to working families!

The Caregivers Action Fund (COPE) program is vital to keeping the In Home Supportive Services program alive. The government directly funds our program, so we need political power to advocate for ourselves and our clients and to keep winning strong contracts.

Because of members' investments in the Caregivers Action Fund (COPE), we've been able to win huge increases in our state minimum wage, increase state funding for in Home Supportive Services, and elect representatives to Congress that are fighting to expand Medicaid and make quality affordable care available to all Americans. *\*\*\*Full program description and terms are listed below.*

### CAREGIVERS ACTION FUND AUTHORIZATION

Yes, I want to join fellow caregivers in taking action to elect champions for Long Term Care workers and our communities and hold them accountable to act in the best interest of caregivers and those who receive our care.

I hereby authorize the Office of the State Controller of California to withhold the indicated amount per month to forward to SEIU Local 2015 as a contribution to the Caregivers Action Fund. Caregivers Action Fund is acting as a collecting agent for SEIU COPE.
